Fun Facts about Ireland & St. Patrick's Day

See other side for more.

 **St. Paddy's or St. Patty's?**
If you want to shorten the name of the holiday, it's called St. Paddy's Day, not St. Patty's Day. This is because the name Patrick is actually "Padraig" in the Gaelic language!

 **Can I see some ID?**
St. Patrick wasn't Irish and his name wasn't Patrick. He was actually born in Britain near the end of the 4th century. Historians believe his real name was Maewyn Succat and that he picked up the name "Padraig," or "Patrick," (which comes from the Latin term for "father") when he became a priest.

 **Speaking of Names**
The place with the longest name in Ireland is Muckanaghederdauhaulia in Galway. Other long names include Illaungraffanavranganagh in Clare, Glassillaunvealnacurra in Galway, Ballywinterourkewood in Limerick and Corragunnagallighdoo Island in Mayo.

FUN FACT!

Fun Facts about Ireland & St. Patrick's Day

See other side for more.

Shamrocks and 4-Leaf Clovers are not the same
A shamrock is a three-leaf clover and a symbol of Ireland. Legend has it that St. Patrick used the shamrock as a visual aid when he first introduced Christianity to Ireland. Four-leaf clovers are a variation of the three-leaf clover and are believed to bring good luck. The chances of finding a four-leaf clover are about 1 in 10,000, so if you do happen to find one, consider yourself lucky. They are used interchangeably, but only the Shamrock is associated with Ireland. If you're ever in doubt, just remember: three leaves for Ireland, four leaves for luck.

An Island Divided
The southern part of the island is The Republic of Ireland and is a sovereign state of around 5 million people, whereas Northern Ireland is part of the United Kingdom (UK). There is no physical border between the two, but there are many differences between them including customs, currency, and governance.
