Welcome to the **2024-2025** School Year

Dear Parents and Students,

Pemberton Township Schools is dedicated to the development of each student's potential for learning in the most positive environment possible. In order to achieve this goal, our schools must be free from disruptions, which interfere with teaching and learning activities. Students, parents and the school staff must assume a responsible role in promoting behavior that encourages learning and the development of individual potential. The Student "Code of Conduct" is posted in Genesis and available for reference on the Newcomb Middle School Website.

This student handbook is a powerful tool that can greatly assist both students and parents in making the student more accountable and efficient. The regulations included in the handbook are written for the students of Pemberton Township Schools so that they and their parents will better understand the school and its policies.

Each student is responsible for knowing these policy/regulations. They should be reviewed with his/her parents, as they will be held accountable for the information in the Code of Conduct. A productive learning environment is possible when students, staff, faculty, and administration are compliant with established procedures and collaborative in their efforts to improve upon these procedures.

Students, we are endeavoring to create a partnership with you and your family to provide a quality educational experience at Pemberton Township Schools that will equip you to make responsible choices regarding your future. Your cooperation is essential to the success of our school community.

Pemberton Township Schools provides equal education opportunities for all students. The Affirmative Action Office can be contacted at (609) 893-8141, Ext. 1033.

WHAT IS THE STUDENT “CODE OF CONDUCT”?

“The intent of the Code of Conduct is to identify commonly recognized student behaviors that are unacceptable in the education setting and to be a general guide for students, teachers and administrators. As a listing, this manual is not intended to be all-inclusive. The Code of Student Conduct Policy is available on the district website and can be accessed under the “Board & Community” tab. Certain situations may warrant measures different than those prescribed herein. In such instances, administrative discretion will prevail.”

Code is an official declaration of our school district which:

- Describes positive school environment, specifics, rights and responsibilities of students.
- Defines the attendance policy and other associated policies.
- Safeguards the rights of students.
- Defines conduct that disrupts a positive environment and indicates the administrative responses to that conduct.

The Code is in force:

- On school property prior to, during, and following regular school hours.
- While students are on the school bus, or at the bus stop, for any purpose.
- During a reasonable timeframe before and after school.
- At all school-sponsored events and other activities where school administrators have jurisdiction over students, whether such events are in our school buildings or away from our school property.
- Events out of school, which may be reasonably expected to carry over into the school setting, may be assigned school consequences.

ATTENDANCE

It is clearly recognized that the time spent interacting with a teacher in a classroom setting plays an important part in the total educational experience of a student. Attendance standards, then, must be reflected in the grading system. It is in the context of this notion that the following Pemberton Township Schools Attendance Policy exists.

In accordance with the provisions of N.J.S.A. 18A:38-25, every parent, guardian, or other person having control and custody of a child between the ages of six and sixteen shall cause the child to regularly attend school. The Board of Education requires students enrolled in the school district attend school regularly in accordance with the laws of the State.

In accordance with the provisions of N.J.A.C. 6A:16-7.6 and for the purposes of this Policy and Regulation 5200, a student's absence from school will be excused or unexcused that counts toward truancy.

EXCUSED ABSENCES

The Board considers the following as cause for an excused absence:

1. Illness; (requires a doctor's note)
2. Recovery from accident (requires a doctor's note);
3. Required court attendance (documentation shall be required);
4. Family illness (serious illness of a family member residing in the household of the student or the quarantine of the family member, family or student in accordance with the directives of health officials);
5. Death in the family (death of a family member of the student, including, but not limited to, parent/guardian, sibling, grandparent, aunt, uncle, etc.);
6. Religious observance — In accordance with statute, no student absent for religious observance of a day recognized by the Commissioner of Education or this Board of Education shall be charged with an unexcused absence, deprived of an award or eligibility/opportunity to compete for an award, or of the right to take an alternate to a test or examination missed through such absence.
7. "Take Our Children to Work Day" (pursuant to the memo issued by the Commissioner to all districts on April 25, 2017) or other rule issued by the Commissioner;

All absences for all other reasons shall be considered unexcused.

If a student leaves the school building during the school day they will not be permitted to return to school the same day without a doctor's note or administrator approval.

Parents are encouraged to keep track of student attendance at all times, through the Genesis Parent Portal.

Attendance Procedures: Students should always document absences when they have a doctors/dental appointment, etc. Please be aware that only the original notes will be accepted (**no photocopies**). Faxes must be sent directly to the school from the doctor's office. Notes must be submitted by the end of the marking period in which the absence occurred. Also, the Attendance Office will verify all notes with the person or office, which issued the excuse. Students returning to school with medical equipment such as canes, crutches, wheelchairs etc. must have a Dr.'s note with instructions.

If any note has been altered, forged, or tampered with in any manner, the student will be dealt with as follows:

FIRST OFFENSE: One Saturday Detention and Parent Conference

SECOND OFFENSE: Two Saturday Detentions

The Principal responsible for attendance will be able to excuse all doctors' notes, death in the family and court appearances. All notes for such should be turned in immediately following the absence. An administrator must approve absences of unusual circumstances.

PLEASE NOTE: Mitigating circumstances (absences felt to be beyond a student's control or of an unusual nature) can be appealed to a building principal. Attendance warning letters will be sent to the student, the home, and the counselor after the 4th, 8th and 14th unexcused absences. On the 15th absence, a letter of NO credit will be sent.

HALF-DAYS, TARDIES, & EARLY DISMISSALS

Late arrivals (Tardy) will be recorded if a student reports up to 2 hours late from the opening of school. If a student reports after 2 hours late in the morning, a half day AM absence will be recorded. Early Dismissals will be recorded if a student leaves school up to 2 hours before the close of school. If a student leaves more than 2 hours before the close of school, a half-day PM absence will be recorded.

A student must be in school at least 2 hours to receive half-day credit for attendance on any given day.

WORK MISSED DURING ABSENCES

Students are expected to make up all work missed because of absences from school. In cases of long-term absences parents must request assignments through the Guidance Office. Assignments can be picked up from Guidance within 24 hours.

Students who are absent must make up all assignments, tests and other teacher assigned requirements, as soon after returning to school as the number of consecutive days they were absent. For example (1) if a student is absent for three days and a test was given during that period, the student must make up that test within three days after returning to school. (2) If a student is absent the day a term paper is due, that paper must be turned in to the teacher by the end of the day the student returns to school from absence.

ACADEMICS

GRADING PROCEDURE

The purpose of grading is to assist students in the process of learning. Grades acknowledge a student's demonstrated proficiency in the New Jersey Student Learning Standards and locally established learning goals and objectives.

Summative Assessments (40%) - measure student mastery of content standards. Summative Assessments may include end of unit tests, projects, research reports, etc. All students are required to complete each summative assessment. In the event a student does not complete the assessment, the student will receive an "Incomplete" (I) and will have until the end of the marking period to take the assessment. If a student does not complete the assessment by the end of the marking period, the "Incomplete" (I) will be recorded as a zero as the grade for the assignment.

Students will have the opportunity within the Marking Period to retake Summative Assessments to demonstrate improvement in mastering content standards once they have completed the required teacher interventions.

Formative Assessments (60%) - Provides practice of skills and gives feedback to the teacher and student about learning gaps. Formative Assessments may include: quizzes, homework, exit tickets, in class discussion, etc. All students are required to complete each Formative Assessment. The lowest possible grade for any formative assessment is a 50. In the event a student does not complete the assessment, the student will receive a "Missing" (M) and will have until the teacher's designated time frame to complete the assessment. If a student does not complete the assessment by that due date, the "Missing" (M) will be recorded as a 50.

Grading Scale:

| | |
|--------|---|
| 90-100 | A |
| 80-89 | B |
| 70-79 | C |
| 60-69 | D |
| <60 | F |

Students are encouraged to discuss their progress with their teachers, counselors, and the principal. Students have the right to know what grades are recorded by their name and the teacher's interpretation of those grades. Students may also access their grades through Genesis to self-monitor their academic progress throughout the school year.

HONORS REQUIREMENTS

Mathematics:

A minimum of THREE of the following criteria must be met for honors placement:

- 90 or above in MP1, MP2, and MP3 in a non-enrichment/honors course
- 70th percentile or above Fall MAP Math
- 70th percentile or above Winter MAP Math
- 70th percentile or above Spring MAP Math
- NJSLA Math ≥ 770
- *Students exceeding expectations on NJSLA with a score of 790-850 may be considered for placement without meeting the other criteria

GIFTED AND TALENTED PROGRAM (G.A.T.E.)

The purpose of the Gifted and Talented Program is to develop critical thinkers. To achieve this end, we have developed a program that expands on subject areas in the regular classroom curriculum. Problem-solving and decision making skills are incorporated into a variety of curriculum experiences. Students will be required to utilize the highest level thinking skills of analysis, synthesis, evaluation and application.

Student eligibility for Pemberton Township Schools' Gifted and Talented Program is determined through the use of multiple criteria. Students must demonstrate the potential for exceptional performance and advanced academic ability.

Student Identification

Multiple Measures are used to identify Gifted and Talented Students. These include, but are not limited to:

- HOPE Teacher Rating Scale/Teacher Recommendation
- NWEA MAP Scores
- Report Card
- NJSLA scores

Appeal Process

Parents, teachers, and/or administration that challenge the identification process with warranted concerns may request that the individual child be re-tested using a Cognitive Skills Test. The re-test will be administered by the gifted and talented teacher and hand scored by a certified teacher and/or administration. Students that are ineligible due to academic grades may be re-evaluated, upon request, at the end of each marking period.

ACADEMIC SUPPORT

The Academic Support Lab is an intervention provided to students who have earned at least one F in a core class (ELA, Math, Science, Social Studies). Students will be assigned to the Academic Support Lab during their lunch/recess period at least 2 days per week (staff permitting), where students will complete missing assignments or class work in classes where they are struggling. Students will remain in the Academic Support Lab for a minimum of 4 ½ weeks (half a marking period) until all Fs have improved and there are no more than 2 Ds in all core classes.

GENESIS PARENT MODULE

The Pemberton Township School District utilizes the Genesis Student Information System which allows parents access to student information through the Genesis Parent Module. Parents/guardians of students in grades three through twelve can obtain online access to the student's attendance, grades and assignments.

PROMOTIONS AND RETENTION Policy 5410

In general, students shall be placed at the grade level to which they are best adjusted academically, socially and emotionally. The education program shall provide for the continuous progress of students from grade to grade. Generally students will be expected to spend one year in each grade. A small number of students, however, may benefit from staying another year in the same grade or accelerating through the grades.

Guidelines for Retention

Retention shall be considered when:

1. Retention would have a reasonable chance of benefiting the child.
2. The student is achieving one or more grade levels below expected performance in reading and/or language and/or mathematics.
3. Retention would not cause an undue social and emotional adjustment.

Notification of parents:

- a. If it appears that retention is possible, the parent shall be notified by the Principal and/or the classroom teacher at parent teacher conferences in Feb/March.
- b. Relevant records shall be reviewed with the parent during a parent/teacher conference.
- c. The child's subsequent progress shall be reviewed by the teacher at the end of the third marking period and communication to the parent by the teacher will occur.
- d. At the end of the third quarter, if retention of the student still may be likely, a letter will be sent to the parent by the principal.
- e. Prior to the end of the school year, the Principal shall meet with any parents who do not agree with the decision and/or need further explanations of why the child should be retained. The child's total record will be reviewed with them before making a final determination.

- f. Parents shall be notified prior to the end of the school year by the Principal in writing, of the decision to retain.

EXTRA-CURRICULAR ACTIVITY – ELIGIBILITY POLICY

The educational goals and objectives of the district are best achieved by a diversity of learning experiences, some of which are more appropriately conducted outside the regular classroom program.

The purpose of extracurricular activities shall be:

1. To develop useful new capabilities in students that can lead to extension of career opportunities;
2. To develop student initiative and provide for the exercise of responsibility;
3. To develop leadership capabilities and good organizational skills;
4. To aid students in developing social skills and relationships
5. To enable students to explore a wider range of individual interests than might be available in the regular program.

All students in good behavior and academic standing shall have equal access to all extracurricular activities regardless of race, color, creed, religion, sex, national origin, ancestry, social or economic status, or having a physical or educational disability.

Attendance and Extra Curricular Activities

A student who is absent (with an excused absence/ with an unexcused absence) for a school day may not participate in school district sponsored programs of athletic competition the afternoon or evening of that school day. A student who is serving an in-school or out-of-school suspension may not participate in school district sponsored programs of athletic competition while serving the suspension.

SPECIAL EDUCATION SERVICES

The Individuals with Disabilities Education Act is the primary federal program that authorizes state and local aid for special education and related services for children with disabilities.

New Jersey Administrative Code for special education (N.J.A.C. 6A:14) and the federal Individuals with Disabilities Education Act of 2004 (IDEA 2004) are laws that ensure children with disabilities a free, appropriate public education in the least restrictive environment. An important part of these laws provides parents with the right to participate in their children's education.

The special education process is initiated with a written referral. A referral is a written request for an evaluation that is given to the school district when a child is suspected of having a disability and might need special education and/or related services. Parents, school personnel, or any agencies concerned with the welfare of students, including the New Jersey Department of Education, can make referrals. If you believe that your child may have a disability, you may refer your child for an evaluation by submitting a written request to your school district.

Decisions regarding your child's special education needs are made at meetings. As the parent of a child who has or may have a disability, you have the right to participate in meetings and make determinations regarding the following:

- Identification (decision to evaluate)
- Evaluation (nature and scope of assessment procedures)
- Classification (determination of whether your child is eligible for special education and related services)
- Development and review of your child's individualized education program (IEP)
- Educational placement of your child and
- Reevaluation of your child.

More information regarding the special education referral process and meetings scheduled with the IEP team can be found in the Parental Rights in Special Education handbook (PRISE), located on the NJ Department of Education website.

A case manager from the Child Study Team or Speech Department is assigned to each student with an IEP. They work with the students, parents, and district staff to develop appropriate programs and services for students with special needs. Pemberton Township Schools offer a continuum of special education services to address the needs of each student requiring special education. To the maximum extent appropriate, children with disabilities are educated with children who are not disabled in the Least Restrictive Environment (LRE). Specialized classes, separate schooling, or other removal of children with disabilities from the general educational environment occurs only when the nature and severity of the disability is such that education in general education classes with the use of supplementary aids and services cannot be achieved satisfactorily.

Parents or guardians of educationally disabled or potentially disabled students should feel free to contact Special Education Services at (609) 893-8141 ext. 1012, or visit the website at www.pemberton.k12.nj.us, click on 'Departments' then 'Special Services'.

COUNSELING SERVICES

COUNSELORS

School counselors offer a variety of skills and a broad area of knowledge with which to help students, parents, and teachers establish beneficial relationships. Middle school counselors are in an ideal situation to enable students to achieve a solid beginning in their educational, personal, and social development. They help students become more able learners, assist parents in their supportive roles, and enable teachers to provide beneficial instruction for all children. The guidance counselor and Intervention and Referral Services Team play a major role in discipline matters and are used to bring about positive behavior changes.

A copy of any custody/guardianship papers will be provided to the student's guidance counselor.

[HARASSMENT/ INTIMIDATION/ BULLYING \(HIB\)](#)

Harassment, intimidation and bullying is defined as any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents that is reasonably perceived as being motivated by an actual or perceived characteristic such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity & expression, or a mental, physical, or sensory disability or by any other distinguishing characteristic that takes place on school property, at any school sponsored function, school bus or off school grounds (18A:37-15.3)

These actions, which have a negative effect on a student(s) or that substantially disrupts/interferes with the orderly operation of the school, are considered HIB infractions and will not be tolerated.

ADMINISTRATIVE RESPONSES TO HIB:

BOE 5512 will be followed, which directs that an investigation will be conducted and depending upon the serious nature of the incident(s) and the results of the investigation, consequences can range from a verbal or written warning to 10 days of out of school suspension, and in extreme cases, expulsion. Parents will be notified, school

counselors will be notified to provide services and education on the harmful effects of HIB and, if warranted, a police complaint may also be filed.

STUDENT CONFLICTS

Incidents that are the result of actions not covered under the HIB policy that result in substantial disruption of the school day and the victimization of other students verbally, electronically, in writing or physically will not be tolerated. As a way to assist students with conflict resolution, we provide students an opportunity to utilize Peer Mediation at Newcomb Middle School. Students have the opportunity to request a peer mediation electronically and sit with trained peer mediators to engage in conversation and resolve their conflict peacefully.

ADMINISTRATIVE RESPONSES TO STUDENT CONFLICTS:

An investigation will be conducted and depending upon the serious nature of the incident(s) and the results of the investigation consequences can range from a verbal or written warning to 10 days of out of school suspension and in extreme cases expulsion. Parents will be notified, school counselors will be notified to provide services and education on the harmful effects of victimizing others and, if warranted, a police complaint may also be filed.

INTERVENTION AND REFERRAL SERVICES (I&RS)

Each school district's board of education is required (N.J.A.C. 6A:16-8) to establish and implement a coordinated system in each school building, in which general education students are served, for the planning and delivery of intervention and referral services (I & RS) that are designed to:

- Identify learning, behavior, and health difficulties of students.
- Collect thorough information on the identified learning, behavior, and health difficulties.
- Develop and implement action plans which provide for appropriate school or community interventions or referrals to school and community resources.
- Work with teachers to assist in achieving the desired outcomes.

Pemberton Township Schools uses the Masonic Model as a vehicle to conduct I&RS. The Masonic Model is a strength-based intervention approach, which focuses on the whole child. The Masonic Model is based on the belief that the social and emotional needs of our students must be met in order to have academic success.

THE MASONIC MODEL STUDENT ASSISTANCE PROGRAM

This model teaches educators to work as a team to assist students who are "at risk." The objective is to provide early and effective interventions using resources readily available in the school community. This program is rooted in developing the social and emotional competence of the student.

Parents/guardians please reference the district website at www.pemberton.k12.nj.us. Once there click on departments---counseling services---IRST---a full explanation of this process is detailed along with a link at the very bottom of the page to upload the IRST/Masonic Model brochure that's also available in all school buildings.

GUARDIAN COMPLAINT PROCEDURE

Guardians may file an Open Public Records Act request with the Business Administrator, and the district's solicitor will determine what information may be provided. RESTORATIVE PRACTICES

One of the greatest concerns of parents and educators is how to assist our children, through teaching and guidance, to become responsible and caring adults. Providing adequate and appropriate discipline is an important part of this process. Restorative discipline adds to the current discipline models, which attempt to prevent or stop misbehavior, and teaches more life-giving responses. The goals of restorative discipline apply not only to those involved in or affected by misbehavior, but to the larger educational community as well.

Pemberton Township Schools are committed to restorative practices that allow us to assess each student on a case-by-case basis to address behaviors and infractions that allow students to repair, reflect, and reconnect. The goal of restorative practices is to encourage children and adults to build and maintain positive relationships within

the school, creating a positive school climate and productive learning environment. Restorative practices are the first step in addressing student behaviors or incidents, as opposed to more formal discipline such as out-of-school suspension.

The Restorative model can be applied to all levels and aims to assist all involved to reflect, repair and reconnect. In short it is about restoring relationships between people through a controlled environment. This allows for individuals to listen, to hear how it has been for others, and to gain sufficient understanding and empathy to support the healing process.

BUILDING COMMUNITY WITH TALKING CIRCLES

A restorative technique for proactively building the skills and relationships students will need when challenges arise. Talking circles are a valuable practice that serve numerous purposes in our school communities. Participants gain valuable life skills that will not only positively contribute to improved interpersonal relationships and academic success, but will also prepare them for their future endeavors and relationships.

Why We Use Talking Circles at Newcomb Middle School:

- Creates a place of belonging
- Everyone has equal voice
- Relevant and engaging
- Peer Support
- Promotes social skill building and problem solving
- Shared effort and common purpose
- Behavior ownership
- Taking responsibility for actions

APPROVED CONSEQUENCES FOR STUDENT MISBEHAVIOR

Teacher Detentions

Staff members are encouraged to hold teacher detention for infractions committed in their classes. Teacher detentions are assigned at the teacher's discretion with appropriate notice unless parents make other arrangements. Teacher detentions do not accumulate demerits, however students who do not attend/serve a teacher's detention will receive a discipline referral to be handled by the Principal.

Newcomb's Infraction System

At Newcomb Middle School, we have implemented a behavior management system that aligns with restorative practices to improve and repair relationships while promoting positive behavior in and out of the classroom. The infraction system is tiered to provide students with an opportunity to problem solve minor infractions before they become administrative referrals/ detentions:

1st infraction - The Newcomb staff member will log the infraction, discuss the infraction and problem solve with the student and parents/guardians.

2nd infraction –The Newcomb staff member will log the infraction and problem solve with the student and parents/guardians.

3rd infraction – The Newcomb staff member will assign a reflection period. Parents will be notified and the student will be required to fill out a reflection sheet during this time.

4th infraction - Student infraction will become a discipline referral to address all 4 infractions.

The infraction system allows us to use data to make decisions to help our students solve everyday problems and make better decisions.

Administrative Detention

Detention is from 3:00pm-4:15pm after school in a supervised area. Students must bring homework or class work, or something to read. Failure to attend or unsatisfactory behavior will result in additional detentions, In School Study Session, or possible suspension.

Rules for After School Detention (ASD)

1. The ASD will be rescheduled only if the absence is supported by a doctor's note, a verified death in the family, or through prior notification to the issuing office by the parent or guardian.
2. Schoolwork or books to be read must be brought to the detention for the student to use. If the student fails to bring work to do or something to read, the detention will be graded as 'unsatisfactory.'
3. The session begins promptly 5 minutes after the bell for end of school rings. Students reporting late to detention will receive a grade of 'unsatisfactory.'
4. The monitor in charge of the detention will grade the students on their behavior during detention. If a student receives a grade of 'unsatisfactory' for behavior, then the student will receive a grade of 'unsatisfactory' for the session.
5. If a student receives a grade of 'unsatisfactory' for their detention, they will receive two additional detentions.
6. If a student is ejected from an After School Detention due to behavior, they will be assigned an In School Study Session.
7. Once the session begins, the students are not allowed to leave the room. No student will ever be prohibited from using the bathrooms. There is time allowed (2:42-2:50) before the detention starts for all students to use the bathrooms.
8. At the end of the session, the students will report to the front of the building to ride the late bus home or be picked up by a parent/guardian.
9. Any student who stays after school for Administrative ASD may not participate in any after school activities that day (unless the teacher in charge of the activity has made special arrangements with administration prior to the day of the activity).

In School Study Session (ISS)

In School Study Session is issued for an incident of misconduct of a serious nature. Unsatisfactory conduct in ISS will result in Out of School Suspension.

Rules for In School Study Session (ISS):

1. Students are to report directly to their assigned first period class upon arrival to school.
2. Students are to report to the In School Study Session room after homeroom is complete.
3. Students will remain in the In School Study Session room, or other designated area, for all nine periods. They will be taken as a group to the lavatory and lunch will be delivered to the classroom.
4. Non-attendance at In School Study Session will be excused and rescheduled only in the cases of illness verified by a doctor's note, death in the family, or prior parental contact. An unexcused failure to serve assigned ISS will result in out of school suspension. Students who miss ISS due to excused absences will be placed into ISS immediately upon their return (at the principal's discretion), where they will complete the assignments that were assigned to them.
5. Students must complete all assigned work. Failure to complete the assigned work will result in an additional referral to the principal for additional ISS assignments or possibly out of school suspension. Students who habitually do not complete their assigned work, or who turn in dramatically unsatisfactory work, will be required to repeat the session.
6. Students must take everything they need to complete their assigned work with them to the ISS room or designated area. This includes, but is not limited to, work, books, Chromebook, and materials necessary to complete all assignments. Coats, lunches and all other personal items must be brought to ISS since there are no locker breaks.
7. Students are to remain engaged (reading or completing assignments) for the entire time they are in ISS.
8. Students who sleep, or those who put their heads down, will be rated unsatisfactory. Students are encouraged to bring a book with them, or a list of missing assignments they can work on for their classes.
9. Misconduct of any type (talking, refusing to work, passing notes, etc.) will not be tolerated in ISS.

10. Students are responsible for processing the completed work as directed by the ISS monitors.
11. If a student is ejected from ISS due to discipline problems, the student will be assigned out of school suspension.

Students and parents are reminded that ISS is used as an alternative to suspension. Misconducts of any form while in ISS will indicate that the student is not interested in an alternative to suspension. Consequently, that student will be suspended out of school, and the option of In School Study Session may not be offered to that student again.

SATURDAY DETENTION

In an effort to keep students in the educational setting, the option of Saturday Detention may be offered to the students in lieu of Out of School Suspensions, In School Study Sessions, or other disciplinary consequences. The following conditions apply:

1. Saturday Detention is not a guaranteed option, and will be offered only when funding is available.
2. Saturday Detention will never be offered for offenses where violence was involved.
3. Saturday Detention is an option which can be offered by an administrator, not a requirement the administrator must provide.
4. Parents/Guardians must drop off and pick up their children at the prescribed times.
5. The behavior and productivity of the students in Saturday Detention must be exemplary.
6. If additional discipline referrals are received for the student after the offer of Saturday Detention has been made, but prior to the serving of the actual Saturday Detention, the offer of Saturday Detention may be withdrawn by the administrator. The administrator will then issue all consequences due for all of the infractions for which the student has been referred.

OUT OF SCHOOL SUSPENSION

A student getting suspended from school due to his or her inability to conform to the standards of conduct expected from a child of this age, does not create an immediate requirement for a classroom teacher to procure extra work, missed work, or other classroom related work for the student to do while he or she is denied access to the school. There are cases/instances/teachers where this might happen. However, it is not a requirement. If the student is unable to access work via Google Classroom and a parent/guardian requests the work (a request is needed to start the process), the guidance office will have 24 hours to assemble the work for the suspended student. The suspended student is given time to make up missed work using the formula of one day given for each day of suspension. If no request is made by guidance, the student's 'grace period' starts the day of their return.

Any student who attempts to attend school while in a 'suspended out of school' status will be sent to the Principal's office, where his or her parent/guardian will be notified that the student must be picked up from school. Students unable to be picked up will remain in the In School Study Session if there is space available. The student will then serve his or her suspension the following day.

STUDENT GRIEVANCE PROCEDURES

The Pemberton Township Board of Education affirms its responsibility to ensure all students in the public schools of Pemberton Township equal educational opportunity regardless of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status. If a student or parent wishes to appeal a disciplinary action taken, the following process shall be utilized:

1. The student and/or parent must request a hearing within two days upon notification of the punishment to the student. Certain types of cases where criminal acts have occurred will be processed through the court and/or by this committee.
2. The disciplinary action will be effective immediately after the student is notified of the offense(s) and a conference has been held. During the appeal process, the student shall either remain at home or in school at the discretion of the administration.
3. A hearing committee will be formed as soon as possible by the Principal.

4. During the appeal, additional information may be presented and witnesses may present information.
5. The principal will render one of the following decisions:
 - a. The disciplinary action could be **ELIMINATED**.
 - b. The disciplinary action could be **REDUCED**.
 - c. The disciplinary action could be **UPHELD**.
6. A decision regarding the appeal should be forthcoming from the principal within 24 hours.
7. If the appellant is not satisfied with the decision made by the principal, then appeals may be filed with the Superintendent of Schools.

DEMERIT SYSTEM

Accumulated Demerits and their Disciplinary Disposition

- 5 Demerits = each day of out of school suspension
- 4 Demerits = each day of Saturday detention
- 3 Demerits = each day of In School Study Session
- 2 Demerits = each day of after-school detention
- 1 Demerit = each day of administrative lunch detention.
- 0 Demerits = successfully serving a day of teacher assigned detention*

TEACHER DETENTIONS ARE ASSIGNED WITH A MINIMUM OF ONE DAY NOTICE. IF THE STUDENT ATTENDS THE ASSIGNED DETENTION, NO DEMERIT WILL BE ISSUED. HOWEVER, IF THE STUDENT DOES NOT ATTEND, AND DOES NOT HAVE AN APPROVED EXCUSE FROM THE PRINCIPAL, AN ADMINISTRATIVE DETENTION, WILL BE ASSIGNED. THE STUDENT SHOULD EXPECT THAT DETENTION ASSIGNED IMMEDIATELY.

"LOSS OF PRIVILEGE" PROGRAM

All disciplinary consequences assigned to a student during the school year will also include an appropriate amount of demerits. These demerits will be recorded in the office and compiled on a computer database for all administrators to review. A student may receive demerits for a variety of reasons, for example being late for class, cutting class, or disrespect towards a teacher. After having received 15 demerits, the student will be placed in *loss of privileges*. A student in *loss of privileges* may not represent the school in any public contact, contests, meetings, activities with other schools or the general public, extracurricular activities, or public events such as sports or drama performances nor can that student attend any non-academic school activities such as assemblies, dances and athletic contests (even as a spectator).

Students accumulating 15 or more demerits may reduce their demerit balance and remove themselves from the loss of privileges classification by not committing any infractions for 14 calendar days. At which point, 4 demerits will be removed. Additional consecutive weeks of good behavior will result in a reduction of 2 demerits for each consecutive week. A student can have additional demerits removed by arranging and performing community service. This service may be performed in the community and must be approved by an administrator in advance. Community service will be allowed only after the completion of two consecutive weeks of good behavior and only if the behavior record remains intact.

3. A child who has a fever cannot be sent to school. Please do not give your child fever-reducing medicine (Tylenol, Ibuprofen, etc.) and send them to school. A child sent home from school with a **fever (100 degrees Fahrenheit or above) should not return to school until the temperature has been normal (less than 100 degrees Fahrenheit) for 24 hours without medication.** See above example.
4. Any child with a rash should not be sent to school until it has been determined not to be contagious by a health care provider in writing. A note is required for return to school.
5. **Students who have a doctor's note stating they cannot participate in physical education, also cannot participate in recess or after school sports or physical activities for the time frame specified on the doctor's note.**

ENROLLMENT PROCEDURES & IMMUNIZATIONS

Please inform the school nurse of any specific health problems your child may have; even the slightest condition may have an effect on your child's learning process. **New students to our district must have a physical within 30 days of enrollment, regardless of their age.** After 90 days and several documented attempts to promote compliance, principals or the designee may send the parent/guardian a certified letter stating that the student will be excluded from school until the medical examination has been completed. It is important for parents/guardians to obtain subsequent medical examinations for their child at least once during each developmental stage, at early childhood (preschool through grade three), pre-adolescence (grade four through six) and adolescence (grades seven through twelve) per NJ Administrative Code – Chapter 16, subchapter 2, 6A:16-2.2. All new students must also, by law, present an up-to-date record of immunizations (required by the State of New Jersey) before being admitted to school.

STATE OF NJ IMMUNIZATION REQUIREMENTS

Students entering Kindergarten must have the required DTaP, Polio, and MMR vaccines received on or after the 4th birthday. Many students in 5th grade will turn 11. This is when he/she will receive the Tdap and Meningococcal vaccines that are required for all entering 6th graders who are 11 years of age or older; 6th graders < 11 years must receive Tdap and meningococcal vaccines once age 11 is reached. Students that turn 11 after the start of the school year have 2 weeks after their 11th birthday to obtain these immunizations and submit proof to the school. **Students who do not meet these requirements will be excluded from school.**

MEDICATION POLICIES

New Jersey State Law regulates that the administration of medication to students in school be discouraged except when the student's health may be jeopardized without it. The following rules must be followed.

1. Medication will be dispensed to your child by the school nurse.

2. At no time may a student carry/self-administer any medication unless there is a life-threatening circumstance and permission is granted in writing by your child's physician and you.
3. Students must have a written statement from a doctor stating that the medication needs to be given at school. Written permission from the parent needs to accompany the physician's statement.
4. **Medication orders must be renewed at the beginning of every school year. Participation in after school activities or attending field trips will be denied if the student needs medication and orders are not on file with the school nurse.**
5. The medication must be in the original container and clearly labeled by the pharmacist with the student's name, the name of the medication, the expiration date (check to make sure it has not expired), the dosage, and the time to be given.
6. The medication must be given to the school nurse by a parent/guardian and will be stored in the nurse's office. This does not apply to prescribed asthma, epi-pen and diabetic medication if students have orders on file with the nurse to self-administer.
7. Students with asthma, serious allergic reactions, epilepsy/seizure disorders or diabetes are required by state law to have action plans/orders completed by their doctor **every school year**. This is for the health and safety of your child and will help us train the appropriate school personnel.
 - A. The state of NJ requires that a trained delegate be available for any student who may need epinephrine or glucagon when the school nurse is not available.
 - B. Paul's Law requires that all school personnel are trained in seizure recognition and first aid and that school districts have an individualized seizure action plan for each student who has epilepsy/seizure disorder.
8. Students who have doctor's orders to carry/self-administer their inhalers/epi-pens should have one in the nurse's office and carry one at all times.
9. If a student attends any of the summer programs and needs to take medication, parents are required to bring in the medication per school policy to the nurse covering the program on or before the first day the student attends the program.

SPORT PHYSICAL PAPERWORK (MIDDLE AND HIGH SCHOOL)

1. The sport physical may only be completed by a licensed physician, advanced practice nurse or physician assistant that has completed the Student-Athlete Cardiac Assessment Professional Development Module. (Per the Scholastic Student-Athlete Safety Act (P.L. 2013, c.71), N.J.S.A. 18A:40-1.1 & N.J.S.A. 18A:40-41d) It is recommended that you verify that your medical provider has completed this module *before* an appointment. If you do not have health insurance, Southern Jersey Family Medical Center (609-894-1100) can provide services.
2. Only the NJ Department of Education Pre-participation Physical Evaluation Form can be used for sport physicals. The form must be filled out completely by the parent and physician. Incomplete forms will be returned and the student will be ineligible to participate in a sport until it is corrected. Reviewing the paperwork before you leave the doctor's office will save you a lot of time and aggravation later.
3. The Pre-Participation Physical Evaluation Form (4 pages) must be taken with you to your doctor's office. The parent completes the History Form/Supplemental History Form. Your physician must review the History Form/Supplemental History Form and then fill out the entire Physical Examination Form/Clearance.
4. The Physical Examination/Clearance form is good for 365 days or one calendar year. (example – 3/2/12 to 3/2/13) If your child's physical should happen to expire in the middle of the sport season, they will be allowed to finish/complete that specific sport only (intramural or interscholastic). Example – participating in intramural basketball and physical expires middle of intramural basketball season, can play until the end of intramural basketball only. Student would need a new physical to participate in interscholastic basketball.
5. Per NJ state law all sport physicals must be reviewed and approved by the school physician prior to any tryouts or practice. All paperwork must be completed and returned in a timely manner to ensure approval and eligibility for sports participation. The school physician will be available to sign the physical exam forms prior to the start of each season on his/her regular scheduled day – *which is once a week*. If physicals are turned in after the school physician's scheduled day, there will be a turnaround time of 7 to 14 days. **PLEASE PLAN AHEAD AND GET YOUR COMPLETED PHYSICAL TURNED IN AT LEAST 2 OR MORE WEEKS PRIOR TO TRYOUTS.**
6. Students with asthma, serious allergic reactions or diabetes are required by state law (N.J.S.A.18A:40-12.3 & 12.8, N.J.S.A. 18A:40-12.5 & 12.6, N.J.S.A. 18A:40-12.11 through 12.15) to have action plans completed

every school year. If these forms are not returned, your child will not be able to participate in any after school activities (sports, clubs and trips).

7. The school district will provide written notification to the parent/guardian, indicating approval of the sports physical based upon review of the physical by the school physician, or must provide reason(s) for the disapproval of the student's participation.
8. A Health History Update Questionnaire for athletics must be completed every 90 days or prior to a new seasonal sport (fall, winter, spring) per state law. The update informs the nurse if your child has had any medical problems since his or her last physical. Explain all "yes" answers on the parent form and a doctor's note may be required for clearance.
9. All medications—over the counter and prescription—must be kept in the nurse's office at all times. This does not apply to prescribed asthma, epi-pen and diabetic medication if students have orders on file with the nurse to self-administer.
10. For more information – please review the state's website *Frequently Asked Questions* which are available at: <http://www.state.nj.us/education/students/safety/health/services/athlete/faq.pdf>.

NURSE'S OFFICE FORMS (MIDDLE SCHOOL)

All forms are available in the nurse's office upon request and can be downloaded from Newcomb Middle School's website, go to Students & Parents tab then School Nurse. During the summer months, physical and medication forms are available in the main office.

Once your child's paperwork is completed, he/she needs to personally bring it to the nurse's office. Handing it directly to the nurse cuts down on lost paperwork. This also gives the nurse the opportunity to ask your child any questions if needed. We advise you to make copies for your own records of any paperwork you send to the school. We are unable to fax or make any copies for you.

PEDICULOSIS

Pediculosis (head lice) is a condition that can affect children of all ages. Head lice occur without regard to income or socio-economic position. In-school transmission is considered to be rare, and no disease is associated with head lice. Our district has a no-live lice policy, and students with live lice will be sent home for treatment. Students must be brought to the school by a parent/guardian to be examined by the school nurse before readmission to school to ensure that the pediculosis treatment has taken place and that no live head lice are present. If at the return examination your child still has live head lice, you will be required to take your child home for further treatment. Students with nits only are not excluded from school. At the discretion of the school nurse, it may be appropriate to screen other children who have had close head-to-head contact with the student who has active head lice, but classroom-wide or school-wide screening is not merited. Maintaining the student's privacy, family confidentiality, and preventing stigmatization are vital. **When a single case of active head lice has been identified by the school nurse, parents of children in a class or on a team may be sent a Head Lice Alert Notice, the school district's Pediculosis Information, and BOE Policy at the discretion of the Principal or designee and the school nurse. Parents may request information regarding head lice from the school nurse. The school nurse will perform a head check of any student if requested by the parent.**

- a. The information provided to parents will clearly notify parents that treatment should only be performed on their child if active head lice or nits are found on their child's scalp or in their hair and treatment should not be applied as a preventative measure. This notification will inform parents they are expected to notify the school nurse if they find active head lice or nits on their child's scalp or in their hair. The school nurse will perform a head check of any student if requested by the parent.
- b. The school nurse will perform head checks of all students in a classroom where there are **three** or more active head lice cases or nits in the same classroom within a two week period.

The school nurse retains the authority, in consultation with school administrator(s), to exclude a student with a current case of head lice for which there is inadequate management by the parent/guardian. This student may

be referred to his/her healthcare provider and/or the Burlington County Health Department for additional intervention. This policy is endorsed by national organizations such as the American Academy of Pediatrics, American Public Health Association and the National Association of School Nurses. Similar policies have been adopted successfully by school systems throughout the country.

HEALTH SCREENING PROCEDURES

Growth and development are related to inherited characteristics and environmental influence throughout the life cycle. We screen your child per the State of New Jersey guidelines. You may submit a physical form from your child's physician in place of a health screening at the school. If there is a concern, you will be notified and advised to consult with your physician for further evaluation and treatment of any problem. If you do not want your child to be screened, please notify the school nurse in writing at the beginning of the school year.

HEALTH INSURANCE

Many of you have your children covered under your employer plan. However, some children do not have any coverage and this is where our school system can help. Governor Corzine signed into law P.L.2008 Chapter 38 mandating that all children under the age of 18 have health insurance.

This is a tremendous opportunity because we will help you obtain health coverage for your children and possibly your entire family by sending your contact information to NJ Family Care. Written consent is required pursuant to 20 U.S.C. 123g (b) (1) and 34 C.F.R. 99.30 (b) so, the parent must sign in the health insurance section on the Emergency Information Verification Form and we will send your contact information to NJ Family Care. Instructions to complete the Emergency Information Verification Form (emergency card) will be given to you at the beginning of the school year.

If you have any questions regarding NJ Family Care, contact them directly at (800) 701-0710 or visit www.njfamilycare.org to apply online. If you have applied recently and are receiving coverage please let your school nurse know. This will allow our district to keep your child's information up-to-date.

PERSONAL LOSS AND LOCKER SECURITY

Occasionally things happen at school where personal items belonging to a student get lost, broken or stolen. All parents and students are cautioned that the school will not be held responsible for the repair or replacement of these items when situations such as that occur. If a student's possessions are damaged or taken by another student, the issue of replacement/repair must be settled between the parents/guardians of the involved students. In circumstances where the damage or loss occurred during the transgression of items in the school's discipline

code, the students will be held accountable by the school for their actions. The lockers are property of the Board of Education and may be opened by school staff as needed. Material in lockers is not to be considered held in trust by the Board of Education. Items lost or stolen will be the responsibility of the student-

NOTE: Lost and found should be checked regularly as items are often donated throughout the year.

THEFT, RECLAMATION OF ITEMS WITHOUT AUTHORITY, AND/OR MISAPPROPRIATION

Taking the property of another student or staff member without permission is considered to be theft. For the purpose of this item, taking something off a teacher's desk without permission or taking something for use somewhere else in the school without permission of the person who had custody of the item will be considered theft. Depending upon the seriousness of the transgression and the intent of the person taking the item, the administration will have the option of utilizing various punitive measures: if it was ascertained to be an outright theft, a 1 to 5 day suspension from school, restitution and a possible police complaint could be imposed.

SELLING ITEMS TO OTHER STUDENTS

No student, at any time, is authorized to sell anything or any service to any other students in the school unless it is a sanctioned sale for the purpose of raising money for Newcomb Middle School activities, as approved by the administration. Action taken will be: Confiscation of the item(s) for sale/confiscation of any monies involved/1 day In School Study /referral to the counselor.

POLICE IN THE SCHOOL

Students have the same rights with respect to the police in school that they have out of school. They have the right to be informed of their legal rights; to be protected from coercion and illegal constraint; and to remain silent.

NJAC 6:29-10.1 is now in effect regarding issues of planned or threatened violence to others. The law defines a threat as a planned serious bodily injury, significant bodily injury, or death to another person. The duty of the school is to call the police. Once called, the police will immediately dispatch an officer to the scene and take such actions, as may be appropriate "given the circumstances".

OBLIGATIONS

Obligation Policies- Students are placed on the obligations list if they have outstanding balances/items owed to the school (i.e., books, Chromebooks, iPads, cafeteria balances, etc.). It is recommended that students settle their balances as soon as possible. If a student is placed/remains on the obligations list:

1. Students cannot run for any office with an outstanding class obligation from one year to the next.
2. Students cannot participate in activities: field trips with subject classes, unless mandatory; field trips with Guidance Counselors; field trips with clubs; end of the year class trips, sports or clubs.
3. Letters to parents of students with obligations will be sent home as needed.
4. Rather than allowing large debts to compound, all obligations will need to be settled each year with students in obligation status being excluded from athletics, clubs, social events and trips.
