

All of our schools are designated as Purple Star Schools!

Every one of our schools has been named a Purple Star School by the NJ Department of Education, in recognition of our unending support, service, and commitment to our Military Families.

MILITARY STUDENT SUPPORT

Recognizing the unique needs and challenges of the military student, our school counselors work together with a staff of military family life consultants to provide understanding, support, and encouragement to all military students.

The student-focused Anchored4Life program is a national program that works with the military to provide a comprehensive transition and resiliency club for all youth. We are proud to have established Anchored4Life clubs in every school that serves students in grades 3 through 12.
