<u>Unit Title</u>: Skills Development focusing on Elements of Music: Rhythm, Melody, Harmony, Form, Articulation, Dynamics, Tempo.

Stage 1: Desired Results

Standards & Indicators:

2020 New Jersey Student Learning Standards - Visual and Performing Arts

Anchor Standard 1: Generating and conceptualizing ideas.

- 1.3B.12prof.Cr1a: Describe how sounds and short musical ideas can be used to represent personal experiences, moods, visual images, and/or storylines.
- 1.3D.12nov.Cr1a: Create melodic, rhythmic and harmonic ideas for simple melodies as well as chordal accompaniments for given melodies.

Anchor Standard 5: Developing and refining techniques and models or steps needed to create products.

- 1.3D.12nov.Pr5a: Apply teacher or student-provided criteria to critique individual performances of a varied collection of music that includes melodies, repertoire pieces and chordal accompaniments selected for performance. Apply practice strategies to address performance challenges and refine the performances. Anchor Standard 6: Conveying meaning through art.
 - 1.3D.12nov.Pr6a: Perform with expression and technical accuracy a varied collection of music that includes melodies, repertoire pieces and chordal accompaniments, while demonstrating an understanding of the audience and the context.

Anchor Standard 7: Perceiving and analyzing products.

- 1.3D.12nov.Re7a: Identify reasons for selecting music based on characteristics found in the music, connection to interest and purpose or context.
- 1.3D.12nov.Re7b: Identify and describe how interest, experiences and contexts (e.g., personal, social) affect the evaluation of music.

Anchor Standard 8: Interpreting intent and meaning.

- 1.3C.12nov.Re8a: Identify interpretations of the expressive intent and meaning of musical works, referring to the elements of music, contexts and the setting of the text (when appropriate).
- 1.3D.12nov.Re8a: Identify interpretations of the expressive intent and meaning of musical selections, referring to the elements of music, context (e.g., personal, social), and the setting of the text (when appropriate).

Anchor Standard 9: Applying criteria to evaluate products.

• 1.3D.12nov.Re9a: Identify how knowledge of context and the use of repetition, similarities and contrasts inform the response to music.

NJSLS Career Readiness, Life Literacies, and Key Skills:

- 9.1.8.CR.1: Compare and contrast the role of philanthropy, volunteer service, and charities in community development and the quality of life in a variety of cultures.
- 9.2.8.CAP.1: Identify offerings such as high school and county career and technical school courses, apprenticeships, military programs, and dual enrollment courses that support career or occupational areas of interest.
- 9.2.8.CAP.3: Explain how career choices, educational choices, skills, economic conditions, and personal behavior affect income.
- 9.2.8.CAP.4: Explain how an individual's online behavior (e.g., social networking, photo exchanges, video postings) may impact opportunities for employment or advancement.
- 9.4.8.Cl.3: Examine challenges that may exist in the adoption of new ideas.
- 9.4.8.CI.4: Explore the role of creativity and innovation in career pathways and industries.
- 9.4.8.DC.1: Analyze the resource citations in online materials for proper use.
- 9.4.8.DC.2: Provide appropriate citation and attribution elements when creating media products.
- 9.4.8.DC.4: Explain how information shared digitally is public and can be searched, copied, and potentially seen by public audiences.
- 9.4.8.GCA.1: Model how to navigate cultural differences with sensitivity and respect.

Central Idea/Enduring Understanding:	Essential/Guiding Question:
	 Why is it important to understand the elements of
	music?

 Instrumental performance is mental and physical as well as academic, aesthetic and creative. Music has a structure. The elements of music are combined in unlimited and various ways to express meaning and emotion. Musicians use the elements of music to effectively decode the process of performing music. Musicians' creative choices are influenced by their expertise, context, and expressive intent. Effective writers, listeners and performers of music use knowledge of musical language to develop informed judgments. 	 How and why is music notated? How were musical symbols derived and what are their functions? How can primary counting skills increase rhythmic accuracy? Why is it important to identify mathematical correlations in rhythmic patterns? What tools do composers use to communicate to the audience? How do different time signatures change the sound and performance of music? How does the language of music transcend cultures? How does technology assist in the writing and recording of music? Why do composers choose specific forms to create structure in music? How can the performance of standard notation be altered by tempo, dynamics and phrasing? How doe articulation add to the character of a piece of music? How do musicians generate creative ideas?
Content:	Skills(Objectives):
 Beat, Rhythm, Tempo Notes in duration from whole to eighth notes, included dotted half notes. Rests in duration from multi-measure to quarter note rests. Pitch, Melody, Melodic Direction, Staff, Score, Treble Clef, Bass Clef 7 note pitches on melodic instruments. Tone, Embouchure, Breathing, Sticking technique. 	 Develop mnemonic devices for remembering treble and bass clef staff lines and spaces. Label notes on the appropriate clef staff. Draw and label the staff, clef, bar lines and ledger lines. Identify and perform notes on staff in treble and bass clefs increasing fluency and complexity throughout the year Continue to increase student understanding and fluency of the skills learned in Grade 5. Perform music containing accidentals. Demonstrate how to perform musical phrases in a melodic example. Perform music containing various articulations (accents, staccato, slurs). Demonstrate basic key signature comprehension by performing in the keys of Concert Bb, Eb. Use a tuner to accurately adjust instrument intonation. Use a metronome to ensure exercises are performed with a steady beat. Perform music with dynamics piano and forte Create more complex harmony through duet and trio performances. Recognize and respond in a conducting pattern including rallentando and accelerando.

Central Idea/Enduring Understanding:	Essential/Guiding Question:			
 Instrumental performance is mental and physical as well as academic, aesthetic and creative. Developing musicianship skills requires ongoing self-reflection and critique. The elements of music are combined in unlimited and various ways to express meaning and emotion. Every individual contributes to the quality of an ensemble performance. Technology impacts the creation and performance of music. Performers' interest in and knowledge of musical works, understanding of their own technical skill, and the context for a performance influence the selection of repertoire. Analyzing creators' context and how they manipulate elements of music provides insight into their intent and informs performance. Performers make interpretive decisions based on their understanding of context and expressive intent. To express their musical ideas, musicians analyze, evaluate, and refine their performance over time through openness to new ideas, persistence, and the application of appropriate criteria. 	 How does technique affect performance quality? How does proper posture, breath, and playing position contribute to creating a characteristic tone? How does repetition increase performance ability? How does personal practice benefit ensemble performance? Why is sight reading an important skill for musicians to acquire? How does the anatomy of an instrument determine its sound? What fine and gross motor skills are necessary to play an instrument? How does instrument care affect personal performance? How does understanding the structure and context of musical works inform performance? How do performers interpret musical works? How do musicians improve the quality of their performance?
