

9th Grade Health

Unit Title: Overall Wellness

Stage 1: Desired Results

Standards & Indicators:

2.1.12.EH.1: Recognize one's personal traits, strengths, and limitations and identify how to develop skills to support a healthy lifestyle.

2.1.12.EH.2: Analyze factors that influence the emotional and social impact of mental health illness on the family.

2.1.12.EH.4: Analyze and adapt mental and emotional health messages and communication techniques to peers and other specific target audience (e.g., dimensions of health).

2.3.12.PS.1: Apply a thoughtful decision-making process to evaluate situations and influences that could lead to healthy or unhealthy consequences (e.g., peers, media).

2.3.12.PS2: Analyze the short- and long-term consequences of sharing sexually explicit images (sexting) or messages with individuals or posting online.

2.1.12.CHSS.1: Analyze the opportunities available at home, in school, and in the community to support the mental health of oneself or an individual.

2.1.12.CHSS.6: Evaluate the validity of health information, resources, services, in school, home and in the community.

2.1.12.CHSS.9: Develop an action plan to assist individuals who have feelings of sadness, anxiety, stress, trauma, or depression and share this information with individuals who will benefit.

Career Readiness, Life Literacies and Key Skills

Standard	Performance Expectations	Core Ideas
9.1.12.CFR.1	Compare and contrast the role of philanthropy, volunteer service, and charities in community development and quality of life in a variety of cultures.	Philanthropic, charitable, and entrepreneurial organizations play distinctly different but vitally important roles in supporting the interests of local and global communities.
9.1.12.CFR.4	Demonstrate an understanding of the interrelationships among attitudes, assumptions, and patterns of behavior regarding money, saving, investing, and work across cultures.	The potential for building and using personal wealth includes responsibility to the broader community and an understanding of the legal rights and responsibilities of being a good citizen.
9.1.12.FP.1	Create a clear long-term financial plan to ensure its alignment with your values.	To be fiscally responsible, an individual's finances should align with his or her values and goals.

9th Grade Health

9.1.12.FP.2	Explain how an individual's financial values and goals may change across a lifetime and the adjustments to the personal financial plan that may be needed.	
9.1.12.FP.5	Evaluate how behavioral bias (e.g., overconfidence, confirmation, recency, loss aversion, etc.) affects decision-making.	Biological behavioral biases, psychology, and unconscious beliefs affect financial decision-making.
9.1.12.FP.6	Evaluate the relationship of familial patterns, cultural traditions, and historical influences on financial practice.	
9.1.12.PB.2	Prioritize financial decisions by considering alternatives and possible consequences.	There are ways to align your investments with your personal financial goals.
9.1.12.PB.4	Explain how you would revise your budget to accommodate changing circumstances.	A budget may need to be modified as an individual's career, financial goals (e.g., education, home ownership, retirement), and/or other life situations change.
<u>Central Idea/Enduring Understanding:</u> Taking personal responsibility for one's well-being. How lifestyle and environmental considerations have a lasting effect on healthy outcomes. Effective communication skills to self-advocate in peer-to-peer and health-related interactions		<u>Essential/Guiding Question:</u> Why is it important to take responsibility for your health? What lifestyle factors affect your health? Why do heredity, environment, culture, and media affect health? What communication skills are needed to maintain healthy relationships? How can refusal skills help you uphold your values? Why is it important to set personal goals?
<u>Content:</u> Goal setting Stress management Mental disorders Stages of Grief Decision making Suicide awareness and prevention Coping skills		<u>Skills(Objectives):</u> Demonstrate how to take responsibility for your health Identify lifestyle factors that affect your overall health Analyze how influences such as heredity, environment, culture, media and technology impact health

9th Grade Health

	<p>Demonstrate communication skills to build and maintain healthy relationships</p> <p>Describe refusal strategies and conflict resolution skills</p> <p>Apply decision making skills that promote individual, family and community health</p> <p>Describe the process involved in choosing and achieving goals.</p>
--	--

Interdisciplinary Connections:

Science: Biology

Language Arts: persuasive writing; informational process writing (slides; brochures, etc.)

Math: statistics related to suicide and mental disorders affecting teens

Stage 2: Assessment Evidence

Performance Task(s):

Teacher guided reading of text followed by class discussion

Create foldable study organizer

Worksheets

Create vocabulary word wall

Read case scenarios and engage in classroom discussions

Technology-based assignments

Small group activities and discussions.

How to plan for Socratic circles

<https://www.edutopia.org/blog/socratic-seminars-culture-student-led-discussion-mary-davenport>

Teacher notes

“Do now” writing assignments

Role playing

Hands on Health activities

Other Evidence:

Unit tests

Quizzes

Writing assignments

Response to classroom discussion

Response to case scenarios

Class participation

Projects

9th Grade Health

Stage 3: Learning Plan

<u>Learning Opportunities/Strategies:</u> <ul style="list-style-type: none">● Guided instruction● Cooperative learning● Effective verbal and nonverbal communication with peers and teachers● Situational roleplay● Prevocational kit completion and hands-on learning opportunities● Student journaling and reflection● Student and peer interviews● Formative assessment● Student self-assessment		<u>Resources:</u> <ul style="list-style-type: none">● IEP/504s● EverFi● Online resources● Teacher developed worksheets● Journals● Online Classroom (Google Classroom)● Flocabulary● YouTube● Central PE● Edpuzzle <p>LGBT and Disabilities Law https://sharemylesson.com/collections/pride-month https://hreusa.org/hre-library/topics/lgbtq-rights/lesson-plans/</p>	
<u>Differentiation</u>			
High-Achieving Students	On Grade Level Students	Struggling Students	Special Needs/ELL
Provide student videos with increased content knowledge	Videos	Videos	Any student requiring further accommodations and/or modifications will have them individually listed in their 504 Plan or IEP. These might include, but are not limited to: breaking assignments into smaller tasks, giving directions through several channels (auditory, visual, kinesthetic, model), and/or small group instruction for reading/writing
Provide student an opportunity to demonstrate leadership role among class	Provide notes	Classroom models/Visual Aides	
Individual projects that enhance greater subject knowledge	Provide student with study guide	Provide notes	
Provide increased opportunity for real life experiences in the health/athletics professions	Allow the use of technology on assignments	Study guides	
Teacher interaction with students, student interaction with students	Individual projects that enhance greater subject knowledge	Graphic Organizers	
	Allow students to collaborate in small groups	Shorten assignments	ELL supports should include, but are not limited to, the following: <ul style="list-style-type: none">● Extended time● Provide visual aids● Repeated directions● Differentiate based on proficiency● Provide word banks● Allow for translators, dictionaries
	Teacher interaction with students, student interaction with students	Grade for content not spelling and grammar	
		Allow extra time for assignments if student goes to tutoring	

9th Grade Health

Provide student with the use of diverse technology tools to increase subject knowledge		Allow the use of technology on assignments	
Provide student with team building structure		Allow students to collaborate in small groups	

<u>Unit Title:</u> Nutrition		
Stage 1: Desired Results		
<u>Standards & Indicators:</u> 2.2.12.N.1: Compare and contrast the nutritional trends, eating habits, and the impact of marketing foods on adolescents and young adults nationally and worldwide. 2.2.12.N.2: Determine the relationship of nutrition and physical activity to weight loss, gain, and maintenance. 2.2.12.N.3: Analyze the unique contributions of each nutrition class (e.g., fats, carbohydrates, protein, water, vitamins, minerals) to one's health and fitness. 2.2.12.N.4: Implement strategies and monitor progress in achieving a personal nutritional health plan 2.2.12.N.5: Research presents trends in plant based and organic food choices and industries that have shown an impact on lowering heart, cancer, diabetes, and other diseases.		
Career Readiness, Life Literacies and Key Skills		
Standard	Performance Expectations	Core Ideas
9.1.12.CFR.2	Summarize causes important to you and compare organizations you seek to support to other organizations with similar missions.	Philanthropic, charitable, and entrepreneurial organizations play distinctly different but vitally important roles in supporting the interests of local and global communities.
9.1.12.CFR.3	Research companies with corporate governance policies supporting the common good and human rights.	The potential for building and using personal wealth includes responsibility to the broader community and an understanding of the legal rights and responsibilities of being a good citizen.

9th Grade Health

9.1.12.CDM.1	Identify the purposes, advantages, and disadvantages of debt.	There are reasons and consequences to taking on debt
9.1.12.FP.1	Create a clear long-term financial plan to ensure its alignment with your values.	To be fiscally responsible, an individual's finances should align with his or her values and goals.
9.1.12.FP.2	Explain how an individual's financial values and goals may change across a lifetime and the adjustments to the personal financial plan that may be needed.	
9.1.12.PB.5	Analyze how changes in taxes, inflation, and personal circumstances can affect a personal budget.	A budget may need to be modified as an individual's career, financial goals (e.g., education, home ownership, retirement), and/or other life situations change.
9.2.12.CAP.14	Analyze and critique various sources of income and available resources (e.g., financial assets, property, and transfer payments) and how they may substitute for earned income.	Securing an income involve an understanding of the costs and time in preparing for a career field, interview and negotiation skills, job searches, resume development, prior experience, and vesting and retirement plans.
9.4.12.GCA.1	Collaborate with individuals to analyze a variety of potential solutions to climate change effects and determine why some solutions (e.g., political, economic, cultural) may work better than others (e.g., SL.11-12.1., HS-ETS1-1, HS-ETS1-2, HS-ETS1-4, 6.3.12.GeoGI.1, 7.1.IH.IPERS.6, 7.1.IL.IPERS.7, 8.2.12.ETW.3).	Solutions to the problems faced by a global society require the contribution of individuals with different points of view and experiences.
<u>Central Idea/Enduring Understanding:</u> <ul style="list-style-type: none"> Learning about food groups, nutrition, and daily healthful eating builds a basis to maintain a happy and healthy lifestyle. 		<u>Essential/Guiding Question:</u> <p>Why is nutrition important to my health?</p> <p>What are 'macronutrients'?</p> <p>What does it mean to have a balanced diet?</p> <p>What app can I use for healthy meals?</p> <p>How does eating healthy affect your overall mood (emotional and mental health)?</p> <p>How does nutrition improve strength?</p>

9th Grade Health

	<p>How does nutrition help prevent diseases (i.e. hypertension, diabetes, etc.)?</p> <p>How can I maintain a healthy eating style while on a budget?</p> <p>How can I eat “healthy” with limited selections in my community?</p>
<p><u>Content:</u></p> <p>Processed and unprocessed foods</p> <p>GMOs</p> <p>Types of diets</p> <p>Weight management</p> <p>Eating disorders</p> <p>Food preparation</p> <p>Healthy food choices</p> <p>Diseases related to diet (i.e. heart disease, Type II Diabetes, obesity, etc...)</p>	<p><u>Skills(Objectives):</u></p> <p>Learners will identify food groups and the make up of a balanced daily diet.</p> <p>Learners will understand the importance of regularly consuming nourishing and healthful foods</p> <p>Learners will understand the importance of daily hydration.</p> <p>Learners will read and understand the main components of a nutrition label (with a focus on ingredients for those students with allergies).</p> <p>Be aware of individual allergies</p> <p>Prevent diseases due to cross contamination while preparing food</p>
<p><u>Interdisciplinary Connections:</u></p> <p>Science: Biology</p> <p>Language Arts: informational and persuasive</p> <p>Math: calculating macronutrients and calories</p>	
<p>Stage 2: Assessment Evidence</p>

<u>Unit Title:</u> Personal Growth and Development		
Stage 1: Desired Results		
<u>Standards & Indicators:</u> 2.1.12.PGD.1: Develop a health care plan that includes practices and strategies designed to support an active lifestyle, attend to mental health, and foster a healthy, social and emotional life. 2.1.12.PGD.2: Predict how healthy and unhealthy behaviors can affect brain development and impact physical, social, and emotional stages of early adulthood. 2.1.12.EH.1: Recognize one’s personal traits, strengths, and limitations and identify how to develop skills to support a healthy lifestyle. 2.1.12.EH.3: Describe strategies to appropriately respond to stressors in a variety of situations (e.g., academics, relationships, shootings, death, car accidents, illness). 2.1.12.CHSS.1: Analyze the opportunities available at home, in school, and in the community to support the mental health of oneself or an individual. 2.1.12.CHSS.9: Develop an action plan to assist individuals who have feelings of sadness, anxiety, stress, trauma, or depression and share this information with individuals who will benefit.		
<u>Career Readiness, Life Literacies and Key Skills</u>		
<u>Standard</u>	<u>Performance Expectations</u>	<u>Core Ideas</u>
9.1.12.FI.3	Develop a plan that uses the services of various financial institutions to prepare for long term personal and family goals (e.g., college, retirement).	There are factors you can use to select financial institutions and professionals that are best suited for your needs.
9.1.12.FP.1 9.1.12.FI.4	Create a clear long-term financial plan to ensure its alignment with your values. Research benefits and drawbacks of products offered by financial and non-financial companies (e.g., banks, credit unions, check-cashing stores, product warranty insurance).	To be fiscally responsible, an individual’s finances should align with his or her values and goals.
9.1.12.FP.1	Create a clear long-term financial plan to ensure its alignment with your values.	To be fiscally responsible, an individual’s finances should align with his or her values and goals.

9th Grade Health

9.1.12.FP.2	Explain how an individual's financial values and goals may change across a lifetime and the adjustments to the personal financial plan that may be needed.	
9.1.12.FP.6	Evaluate the relationship of familial patterns, cultural traditions, and historical influences on financial practice.	Biological behavioral biases, psychology, and unconscious beliefs affect financial decision-making.
<u>Central Idea/Enduring Understanding:</u> Developing self-care to manage one's social, emotional and health outcomes. External factors that contribute to overall health and well-being. Developing effective communication skills essential to articulate needs, goals, and self-advocacy to peers and adults.		<u>Essential/Guiding Question:</u> Why is it important to take responsibility for your health? What lifestyle factors affect your health? Why do heredity, environment, culture, and media affect health? What communication skills are needed to maintain healthy relationships? How can refusal skills help you uphold your values? Why is it important to set personal goals?
<u>Content:</u> Puberty Mental and emotional changes Endocrine system Social media impacting self-concept development Improve mental, physical, social, and emotional health		<u>Skills(Objectives):</u> Demonstrate how to take responsibility for your health Identify lifestyle factors that affect your health Analyze how influences such as heredity, environment, culture, media and technology impact health Demonstrate communication skills to build and maintain healthy relationships Describe refusal strategies and conflict resolution skills Apply decision making skills that promote individual, family and community health Describe the process involved in choosing and achieving goals.

9th Grade Health

Unit Title: Disease Awareness and Prevention

Stage 1: Desired Results

Standards & Indicators:

2.3.12.HCDM.1: Develop a health care plan to help prevent and treat diseases and health conditions one may encounter (e.g., breast/testicular exams, Pap smear, regular STIs testing, HPV vaccine).

2.3.12.HCDM.2: Provide examples of how drugs and medication mimic or block the action of certain cells in the body, and how abusing drugs can affect the human body

2.3.12.HCDM.3: Evaluate the benefits of biomedical approaches to prevent STIs (e.g., hepatitis B vaccine, HPV vaccine) and HIV (e.g., PrEP, PEP).

2.3.12.HCDM.4: Evaluate emerging methods to diagnose and treat diseases and health conditions that are common in young adults in the United States and in other countries (e.g., hepatitis, stroke, heart attacks, cancer,).

2.3.12.HCDM.5: Analyze local, state, and international public health efforts to prevent and control diseases and health conditions (e.g., vaccinations, immunizations, medical exams, gene editing, artificial organ systems, prosthesis).

2.3.12.HCDM.6: Analyze and discuss the evidence of the emotional and social impact of mental health illness on families, communities, and states (e.g., depression, anxiety, Alzheimer's, panic disorders, eating disorders, impulse disorders).

2.1.12.CHSS.8: Investigate how local, state, and global agencies are addressing health issues caused by climate change and share this information in an appropriate setting.

2.1.12.CHSS.9: Develop an action plan to assist individuals who have feelings of sadness, anxiety, stress, trauma, or depression and share this information with individuals who will benefit.

Career Readiness, Life Literacies and Key Skills

Standard	Performance Expectations	Core Ideas
9.1.12.FP.3	Relate the concept of delayed gratification (i.e., psychological distance) to meeting financial goals, investing and building wealth over time.	Biological behavioral biases, psychology, and unconscious beliefs affect financial decision-making.
9.1.12.FP.6	Evaluate the relationship of familial patterns, cultural traditions, and historical influences on financial practice.	
9.1.12.FP.7	Determine how multiple sources of objective, accurate and current financial information	The ability to assess external information is a necessary skill

9th Grade Health

	affect the prioritization of financial decisions (e.g., print information, prospectus, certified financial planners, internet, sales representatives, etc.).	to make informed decisions aligned to one's goals.
<p><u>Central Idea/Enduring Understanding:</u> Understanding ways to prevent and control the spread of diseases.</p>		<p><u>Essential/Guiding Question:</u> What is a communicable disease?</p> <p>What are the types of pathogens that cause communicable diseases?</p> <p>How are these pathogens transmitted?</p> <p>How can you prevent the spread of these pathogens in the community?</p> <p>How is an airborne transmission different from direct contact?</p> <p>What are some strategies to prevent a pandemic?</p> <p>How do vaccines prevent or control diseases?</p> <p>Where can you access information to learn and understand diseases?</p> <p>What does STD's and STI stand for?</p> <p>Why are STD's a hidden epidemic?</p> <p>What are risk behaviors to avoid to prevent the spread of STD's?</p> <p>Why is it important to remain abstinent?</p> <p>How do you avoid risky behaviors?</p> <p>Which common STD's are viruses and which are bacterial?</p> <p>Why is it important for people to get tested if they think they may have contracted a STD?</p> <p>What are some of the symptoms and treatment of common STD's?</p>

9th Grade Health

<u>Unit Title:</u> Alcohol, Tobacco, and Other Drugs
Stage 1: Desired Results
<p><u>Standards & Indicators:</u></p> <p>2.3.12.ATD.1: Examine the influence of drug use and misuse on an individual’s social, emotional, and mental wellness.</p> <p>2.3.12.ATD.2: Compare and contrast the incidence and impact of commonly abused substances on individuals and communities in the United States and other countries (e.g., tobacco, e-cigarettes, vaping products, alcohol, marijuana products, inhalants, anabolic steroids, other drugs).</p> <p>2.3.12.ATD.3: Explore the relationship between individuals who abuse alcohol, tobacco, and other drugs with an increase in intentional and unintentional health-risk behaviors.</p> <p>2.3.12.DSDT.1: Correlate duration of drug use and abuse to the incidence of drug-related deaths, injuries, illness, and academic performance.</p> <p>2.3.12.DSDT.2: Analyze personal choices and behaviors related to substance use and misuse to determine if they align with personal values and beliefs.</p> <p>2.3.12.DSDT.3: Examine the drug laws, and regulations of the State of New Jersey, other states and the affects; healthy and unhealthy on individuals, families, schools, and communities (e.g., vaping products, e-cigarettes, cannabis and CBD products, opioids).</p> <p>2.3.12.DSDT.4: Utilize peer support and societal norms to formulate a health-enhancing message to remain drug free.</p> <p>2.3.12.DSDT.5: Evaluate the effectiveness of various strategies and skills that support an individual’s ability to stop misusing and abusing drugs and remain drug free (counseling, peer coaching, professional peer support group, and family counseling and support).</p> <p>2.1.12.CHSS.6: Evaluate the validity of health information, resources, services, in school, home and in the</p>

9th Grade Health

community.		
Career Readiness, Life Literacies and Key Skills		
Standard	Performance Expectations	Core Ideas
9.1.12.CP.1	Summarize how one's credit history can affect finances, including loan terms, employment, and qualifying for loans.	Negative information in credit reports can affect a person's credit score and financial options.
9.1.12.CP.2	Identify the advantages of maintaining a positive credit history.	
9.1.12.FI.1	Identify ways to protect yourself from identify theft	There are ways to manage your accounts that provide you with maximum benefits and protection.
9.1.12.FP.1	Create a clear long-term financial plan to ensure its alignment with your values.	To be fiscally responsible, an individual's finances should align with his or her values and goals.
9.1.12.FP.6	Evaluate the relationship of familial patterns, cultural traditions, and historical influences on financial practice.	Biological behavioral biases, psychology, and unconscious beliefs affect financial decision-making.
9.1.12.PB.3	Design a personal budget that will help you reach your long-term and short-term financial goals.	A budget may need to be modified as an individual's career, financial goals (e.g., education, home ownership, retirement), and/or other life situations change.
9.4.12.CI.1	Demonstrate the ability to reflect, analyze, and use creative skills and ideas (e.g., 1.1.12prof.CR3a).	With a growth mindset, failure is an important part of success.
<u>Central Idea/Enduring Understanding:</u> Identify factors that influence decisions about alcohol use and your health Examine the physical, mental/emotional, social and legal consequences of alcohol use Discuss the role alcohol plays in unsafe situations Develop strategies for preventing the use of alcohol Describe the short & long term effects of alcohol		<u>Essential/Guiding Question:</u> What are some factors that determine alcohol effects on different people? What are some of the influences of why people drink? How does alcohol affect physical, mental/emotional, social well being? How does the body digest ethanol? What refusal strategies can be used to avoid an unsafe situation? How does alcohol affect our driving skills? What should you do if you suspect someone is driving under the influence?

9th Grade Health

Discuss the consequences of driving under the influence of drug/alcohol use	What is the percentage of blood alcohol concentration level to be considered under the influence?
Describe the harmful effects of alcohol on a fetus	How does alcoholism affect family and friends?
List community health related services for prevention and treatment of alcoholism and alcohol use	What ways can a person avoid the risks of alcoholism?
List the harmful substance in tobacco and tobacco smoke	Where can a person go to seek help for alcohol-related concerns?
Examine the harmful effects of tobacco use on the body	List the harmful substance in tobacco and tobacco smoke
Compare the physical, mental, legal consequences of tobacco use	Examine the harmful effects of tobacco use on the body
Discuss the benefits of a tobacco free lifestyle	Compare the physical, mental, legal consequences of tobacco use
Develop strategies for preventing tobacco use	Discuss the benefits of a tobacco free lifestyle
Examine the reasons why some teens choose to smoke	Develop strategies for preventing tobacco use
Examine laws, policies, and practices that help prevent tobacco related disease	Examine the reasons why some teens choose to smoke
Describe substance abuse and examine the health risk involved	Examine laws, policies, and practices that help prevent tobacco related disease
Examine the physical, mental/emotional and social and legal consequences of drug use	What factors influences decisions about drugs?
Identify the harmful effects of marijuana, inhalants, steroids, and other substance	What are the health consequences of drug use?
Develop strategies to prevent the use of different drugs and other addictive substances	How does marijuana, inhalants, steroids, and other substances affect the body?
Identify school and community efforts to curb drug use	What strategies can you use to help prevent the use or abuse of harmful substances?
List community health related	Who in the community can a person go to get help?
	What activities can a person become involved in, to help discover alternatives to drug use?

Unit Title: Social & Sexual Health

Stage 1: Desired Results

Standards & Indicators:

2.3.12.PS.5: Identify the state and federal laws related to intimate partner and sexual violence (e.g., sexual harassment, sexual abuse, sexual assault, domestic violence).

2.3.12.PS.6: Describe the types of abuse (e.g., physical, emotional, psychological, financial, sexual) and the cycle of violence as it relates to sexual abuse, domestic violence, dating violence, and gender-based violence.

2.3.12.PS.8: Develop strategies to communicate effectively, safely, and with empathy when using digital devices in a variety of situations (e.g., cyberbullying, sexting).

2.3.12.PS.9: Evaluate strategies to use social media safely, legally, and respectfully.

2.3.12.PS.10: Analyze the short- and long-term consequences of sharing sexually explicit images (sexting) or messages with individuals or posting online.

2.1.12.SSH.1: Analyze the influences of peers, family, media, social norms and culture on the expression of gender, sexual orientation, and identity.*

- ***This content will be delivered via a scripted lesson**

2.1.12.SSH.2: Advocate for school and community policies and programs that promote dignity and respect for people of all genders, gender expressions, gender identities, and sexual orientations. *

- ***This will be an optional activity for students to participate in as a member of the GSA.**

2.1.12.SSH.4: Demonstrate strategies to prevent, manage, or resolve interpersonal conflicts without harming self or others (defining and understanding the laws of consent and dating violence).

2.1.12.SSH.5: Demonstrate ways to show respect for the boundaries of others as they relate to intimacy and sexual

9th Grade Health

behavior.		
2.1.12.SSH.6: Analyze the benefits of abstinence from sexual activity using reliable resources		
Career Readiness, Life Literacies and Key Skills		
Standard	Performance Expectations	Core Ideas
9.1.12.CFR.3	Research companies with corporate governance policies supporting the common good and human rights.	The potential for building and using personal wealth includes responsibility to the broader community and an understanding of the legal rights and responsibilities of being a good citizen.
9.4.12.CI.1	Demonstrate the ability to reflect, analyze, and use creative skills and ideas (e.g., 1.1.12prof.CR3a).	With a growth mindset, failure is an important part of success.
9.4.12.CT.1	Identify problem-solving strategies used in the development of an innovative product or practice (e.g., 1.1.12acc.C1b, 2.2.12.PF.3).	Collaboration with individuals with diverse experiences can aid in the problem-solving process, particularly for global issues where diverse solutions are needed.
9.4.12.DC.1	Explain the beneficial and harmful effects that intellectual property laws can have on the creation and sharing of content (e.g., 6.1.12.CivicsPR.16.a).	Laws govern the use of intellectual property and there are legal consequences to utilizing or sharing another's original works without permission or appropriate credit.
9.4.12.DC.3	Evaluate the social and economic implications of privacy in the context of safety, law, or ethics (e.g., 6.3.12.HistoryCA.1)	Laws govern many aspects of computing, such as privacy, data, property, information, and identity. These laws can have beneficial and harmful effects, such as expediting or delaying advancements in computing and protecting or infringing upon people's rights.
9.4.12.DC.4:	Explain the privacy concerns related to the collection of data (e.g., cookies) and generation of data through automated processes that may not be evident to users (e.g., 8.1.12.NI.3).	
9.4.12.DC.6	Select information to post online that positively impacts personal image and future college and career opportunities.	Cultivating online reputations for employers and academia requires separating private and professional digital identities.

9th Grade Health

<p><u>Central Idea/Enduring Understanding:</u> The impact of social media on adolescent self-concept.</p> <p>Effective and ethical communication related to peer-to-peer, adult, and technology.</p> <p>Sexual orientation and gender identity related to policy and cultural norms.</p> <p>The role of abstinence in maintaining one's health and self-concept (e.g., peer pressure; home culture; goal attainment, etc.)</p>	<p><u>Essential/Guiding Question:</u> How does social media influence adolescent self-concept and interactions with diverse peers?</p> <p>What are the three styles of communication?</p> <p>Which style of communication is the most effective?</p> <p>How do your core values play a role in relationships and interactions with peers and adults?</p> <p>How can the environment affect your sexual identity?</p> <p>What current policies are in effect to protect diverse gender identity and sexual orientation?</p> <p>How many genders are currently recognized by policy makers?</p> <p>How does culture impact gender identity and acceptance?</p> <p>What is abstinence?</p> <p>What are the dangers of sexting?</p>
